## Waterproof Rigid Core Hardwood Flooring

Guaranteed to outperform traditional engineered hardwood, HDPC® Waterproof Hardwood couples the performance virtues of rigid core flooring with the unique "character" of real hardwood. And Wellmade's patented HDPC® CORE seals out moisture, period. Annoying "repeat" patterns are a thing of the past. The look and feel of REAL hardwood -- because it is!

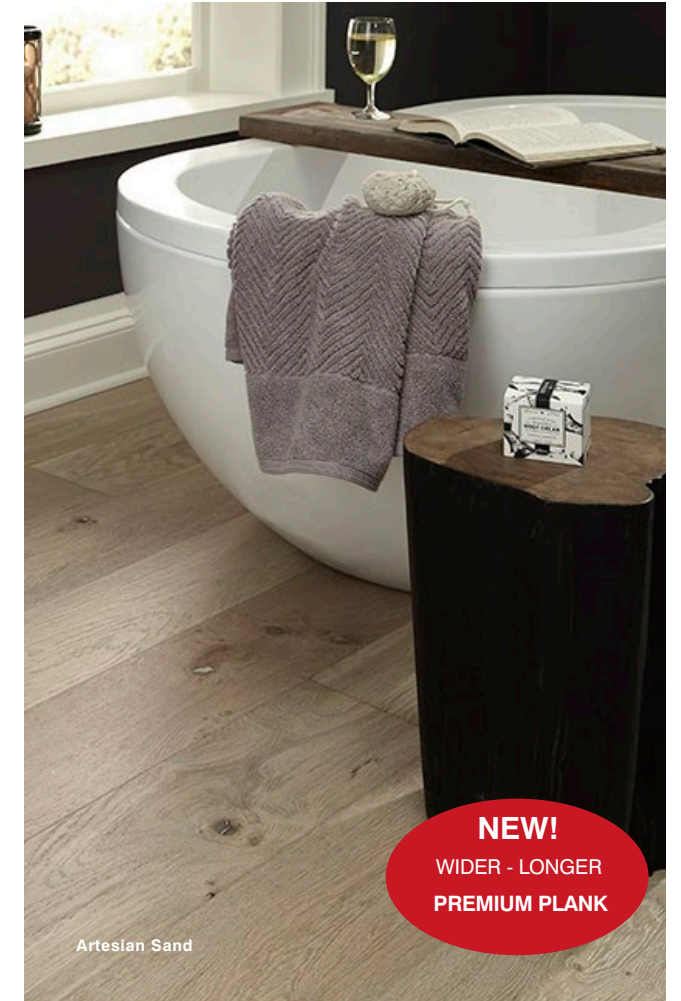

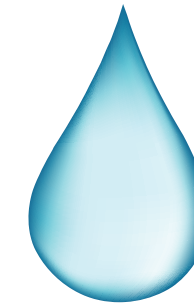

- Available in Wellmade branded programs or "private label" collections
- The beauty and warmth of REAL hardwood and strand bamboo flooring
- Natural hardwood veneer eliminates repeat patterns found in vinyl and laminate
- Superior dent and scratch resistance. 2X harder than solid oak hardwood flooring
- Hardmax® finish protects against spills and stains. Damp mop for easy cleaning
- Perfect for all living areas, including those with higher risk of spills or increased humidity like kitchen, bath, and basements

Sandstone

## Installation / Warranty

- Rigid, strong and waterproof HDPC® core installs without acclimation
- Attached pad provides enhanced sound reduction and easy installation
- Uniclic® locking system fits tight and eliminates seasonal gaps between boards
- No additional nails, glue or underlayment are required
- Install over existing hard surface floors, including ceramic, wood, vinyl
- Lifetime residential and 10-year light commercial warranty
